

Creative & Customized LED Display

Magic Cube LED Display

Pixel Pitch (mm) : 1.86 / 2 / 2.5 / 3 / 3.91 / 4

Multiple models available with full customization support.

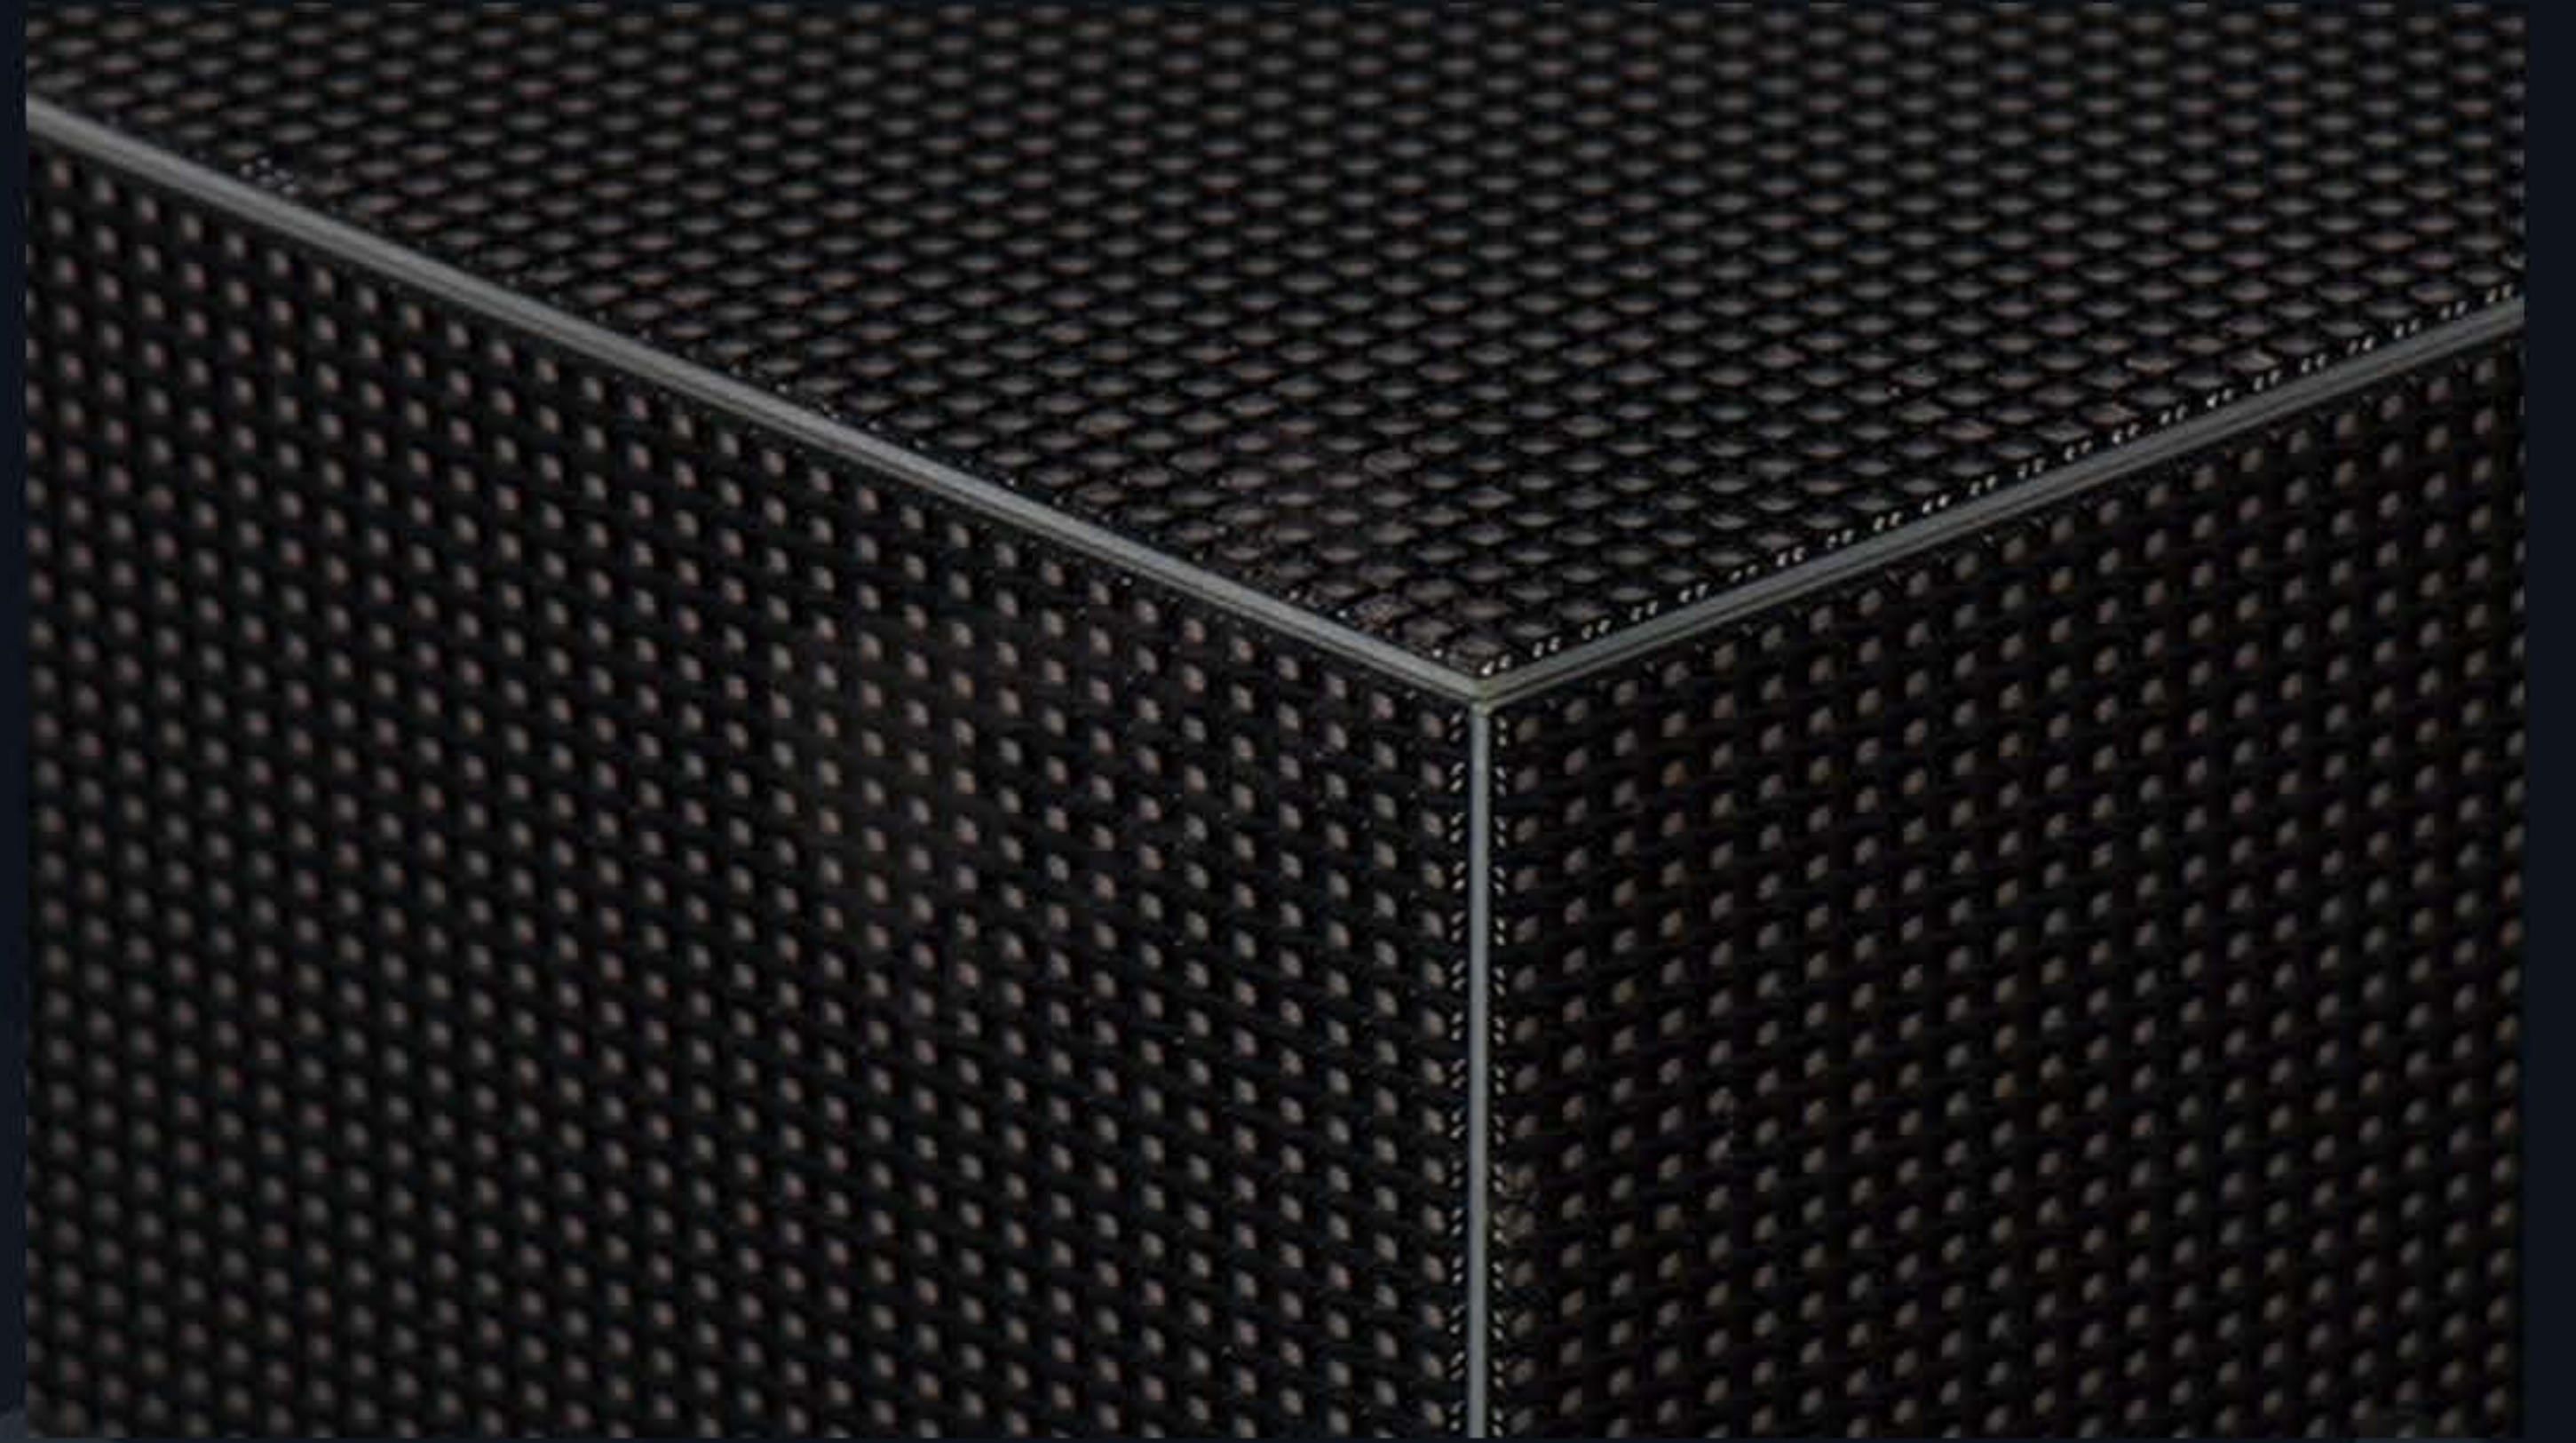

360° Omnidirectional View

The Rubik's Cube LED screen delivers a true 360° viewing experience, ensuring vibrant visuals from every angle. With video playback in all directions, it overcomes the limitations of traditional displays, creating a seamless and immersive viewing effect.

High-Quality Lamps

Equipped with premium highlight lamp beads, the cube-shaped screen guarantees uniform colors, wide luminous angles, and a lifespan of up to 100,000 hours. Designed for energy efficiency and 24/7 operation, the lamps remain cool while maintaining stable brightness.

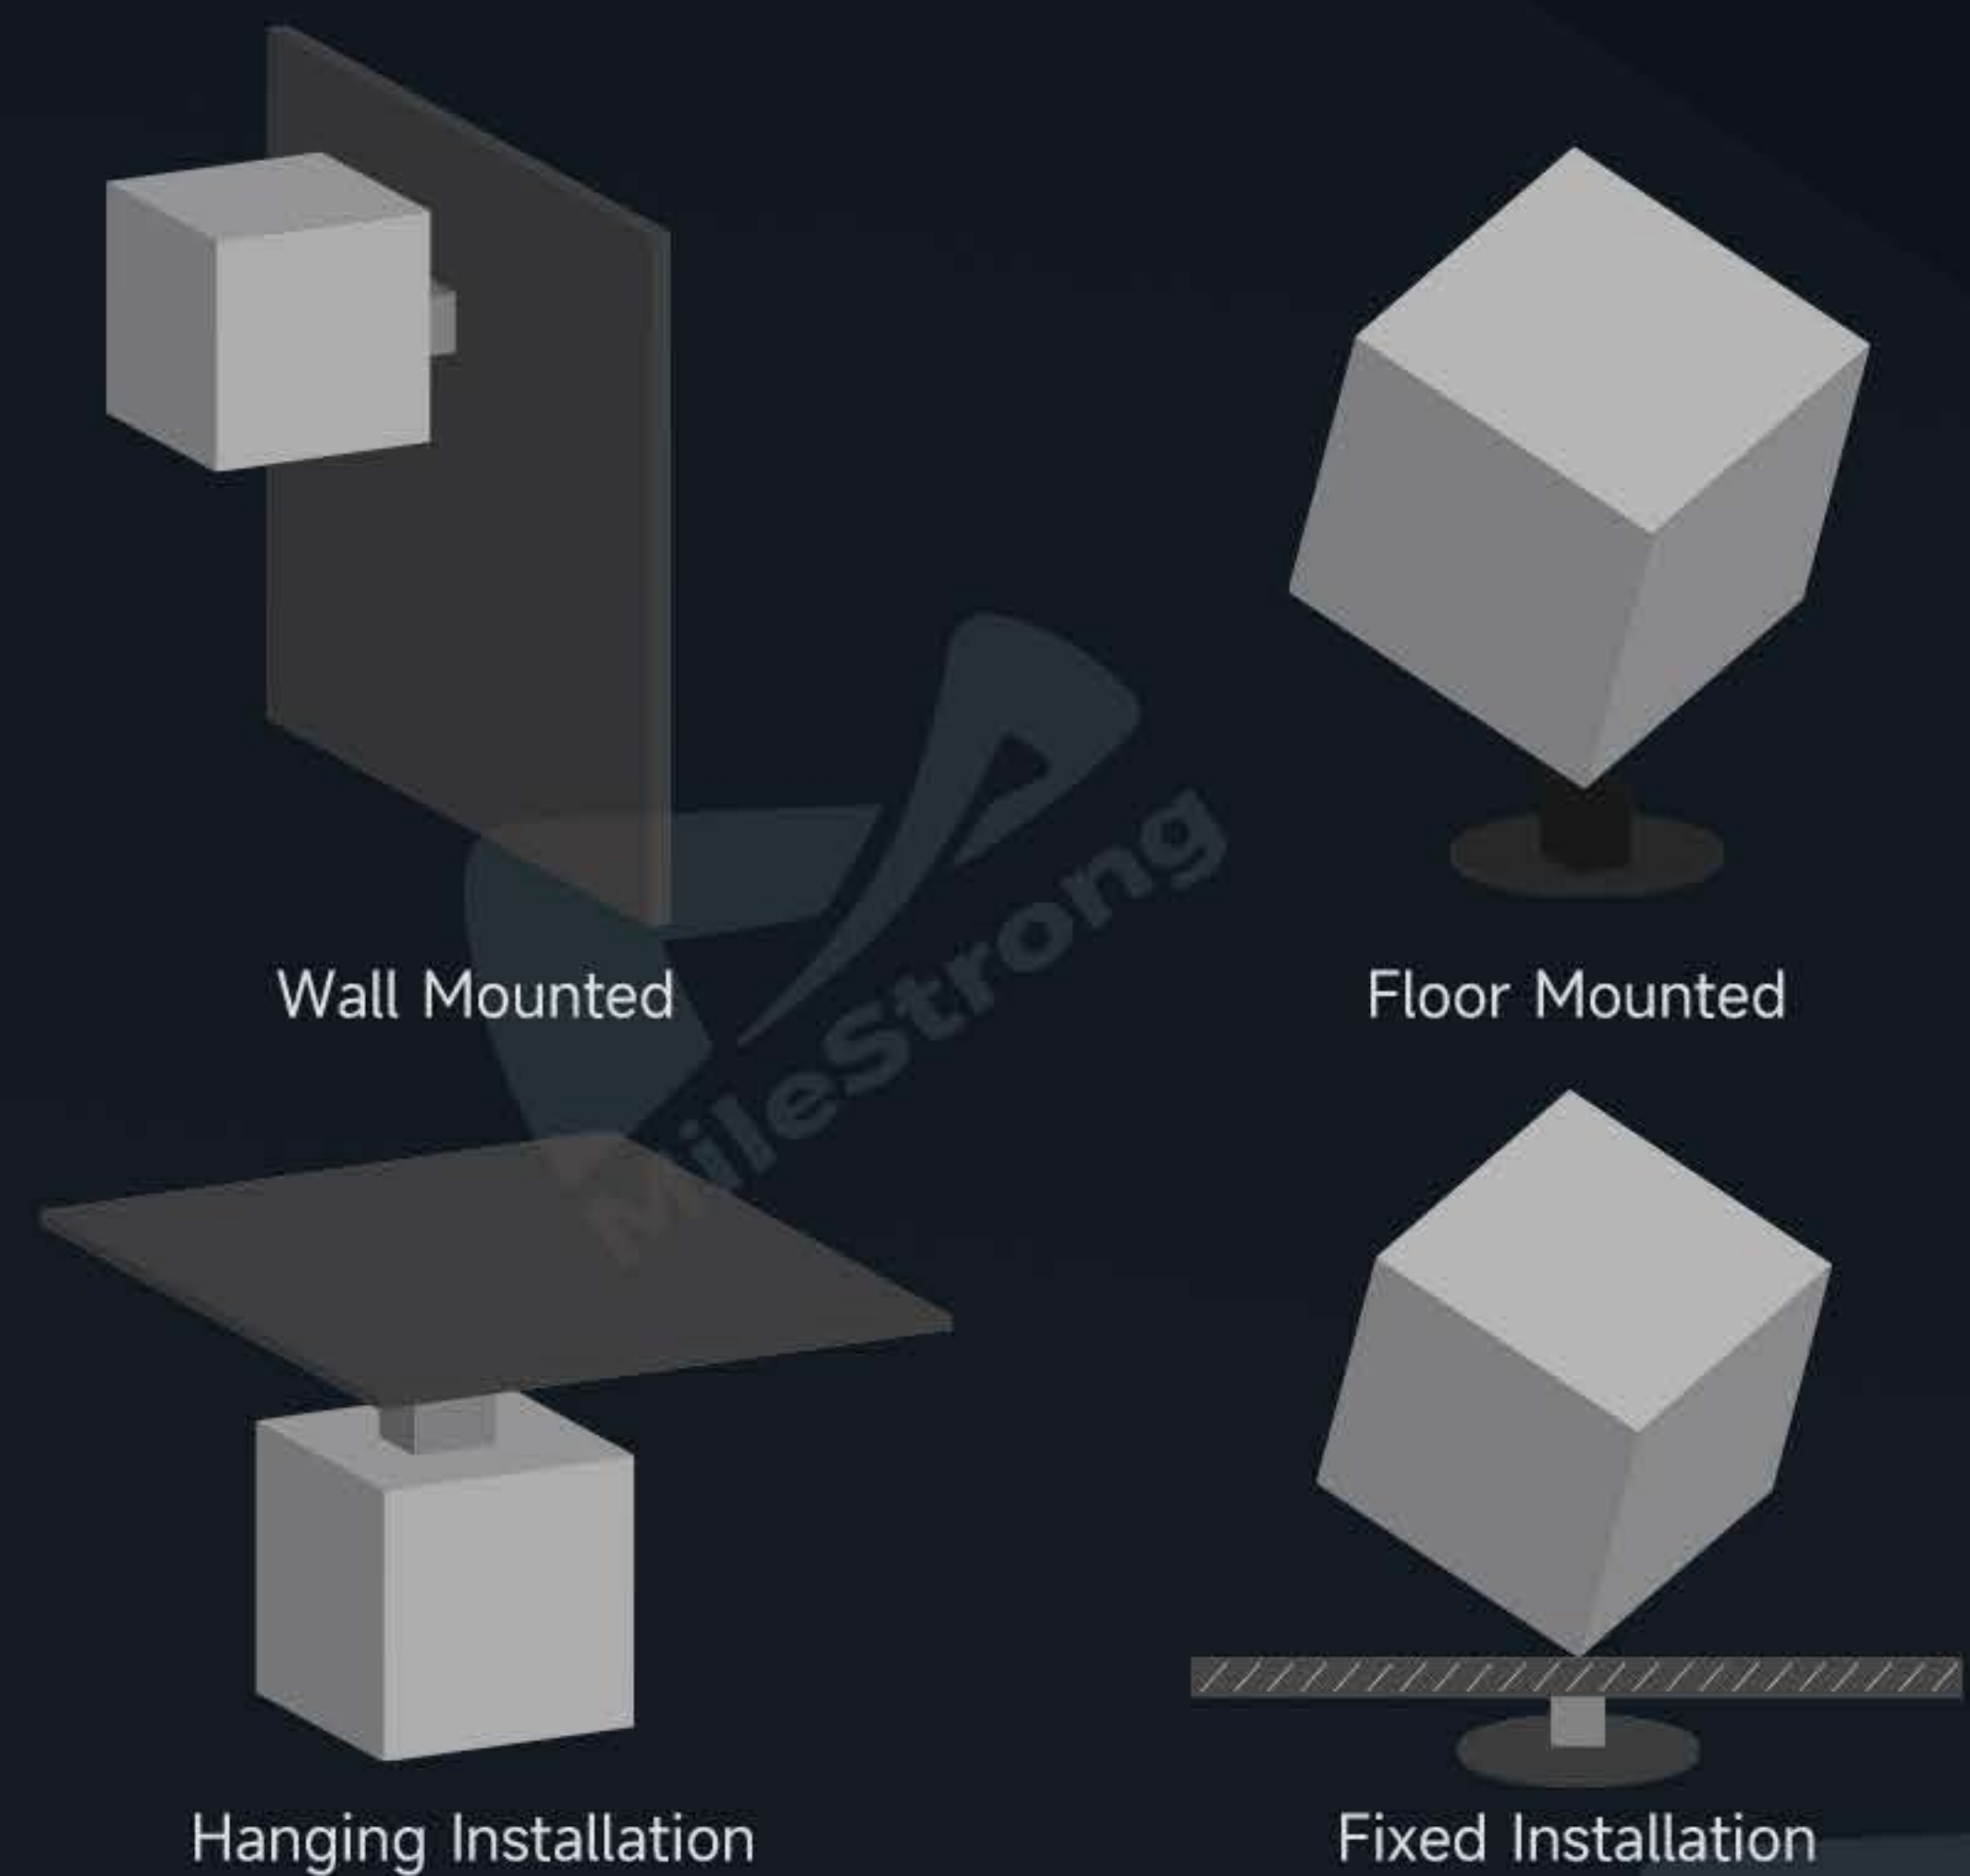

Smart Remote Control

The cube-shaped LED display supports WiFi, hotspot, and mobile app control. With one click, users can upload images or videos and switch content anytime, anywhere. This fast and convenient feature ensures effortless content management.

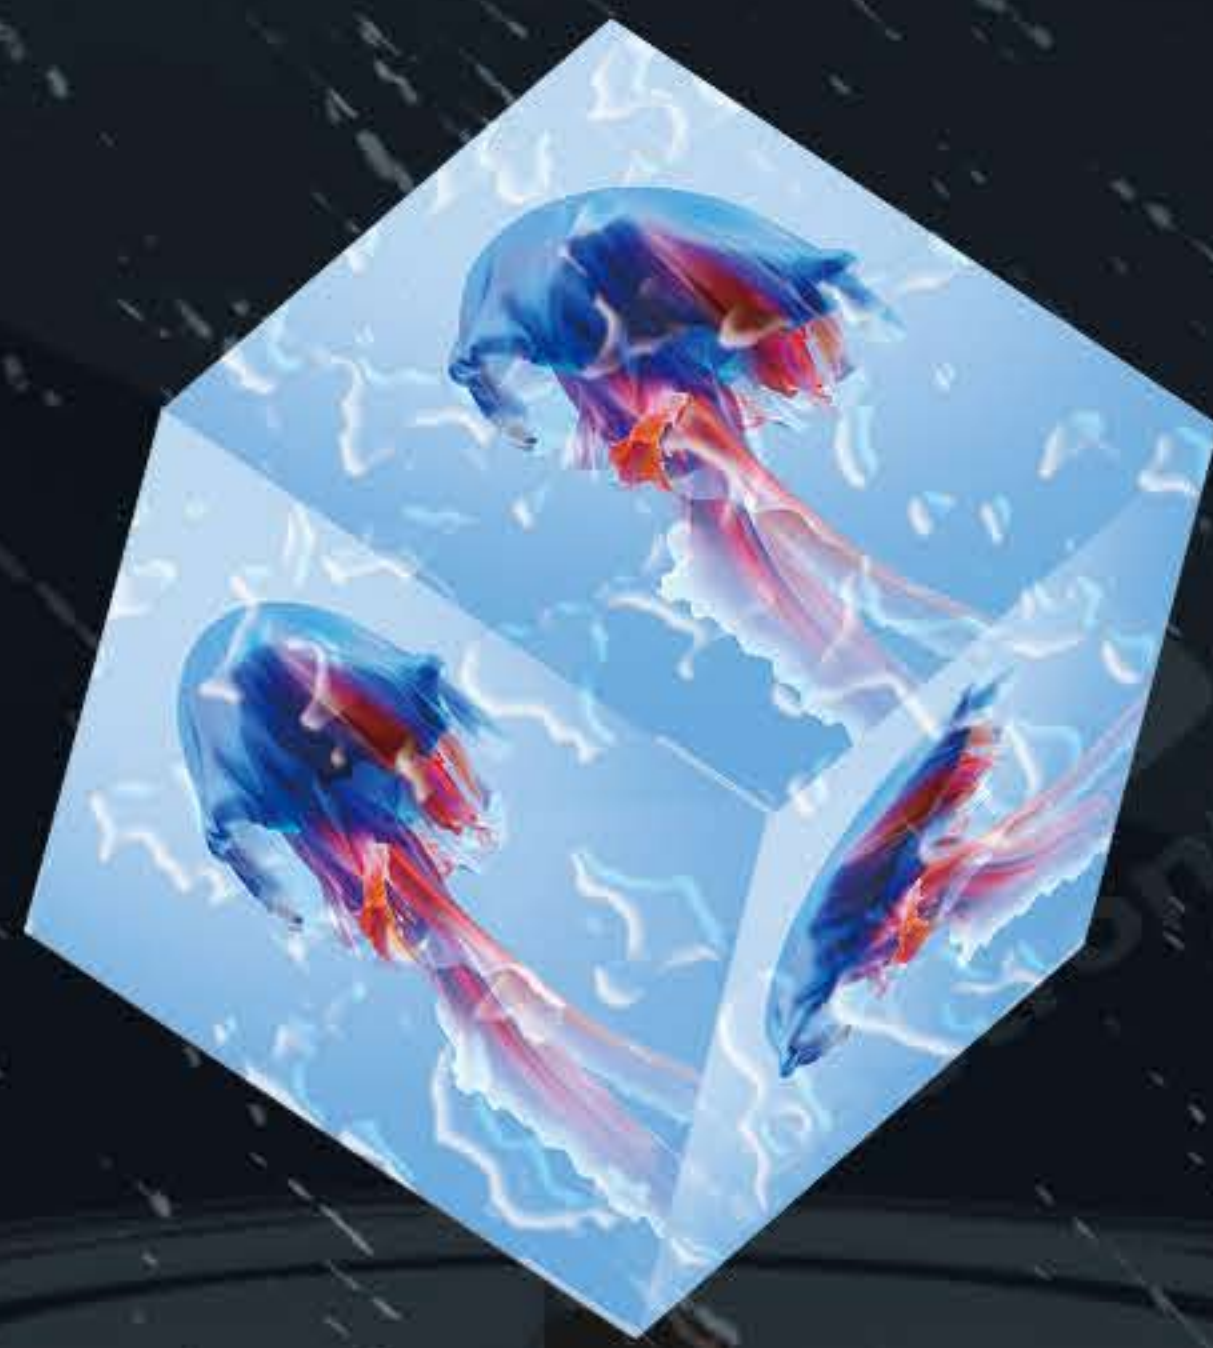

Versatile Installation Options

Whether fixed, standing, hanging, or wall-mounted, the Rubik's Cube LED screen adapts to different environments. Each setup is designed for safety, stability, and visual impact, offering flexibility for diverse installation needs.

Outdoor Durability

With an IP64 waterproof rating, the outdoor version withstands rain while maintaining high brightness. Even during wet weather, the display continues to perform reliably without interruption.

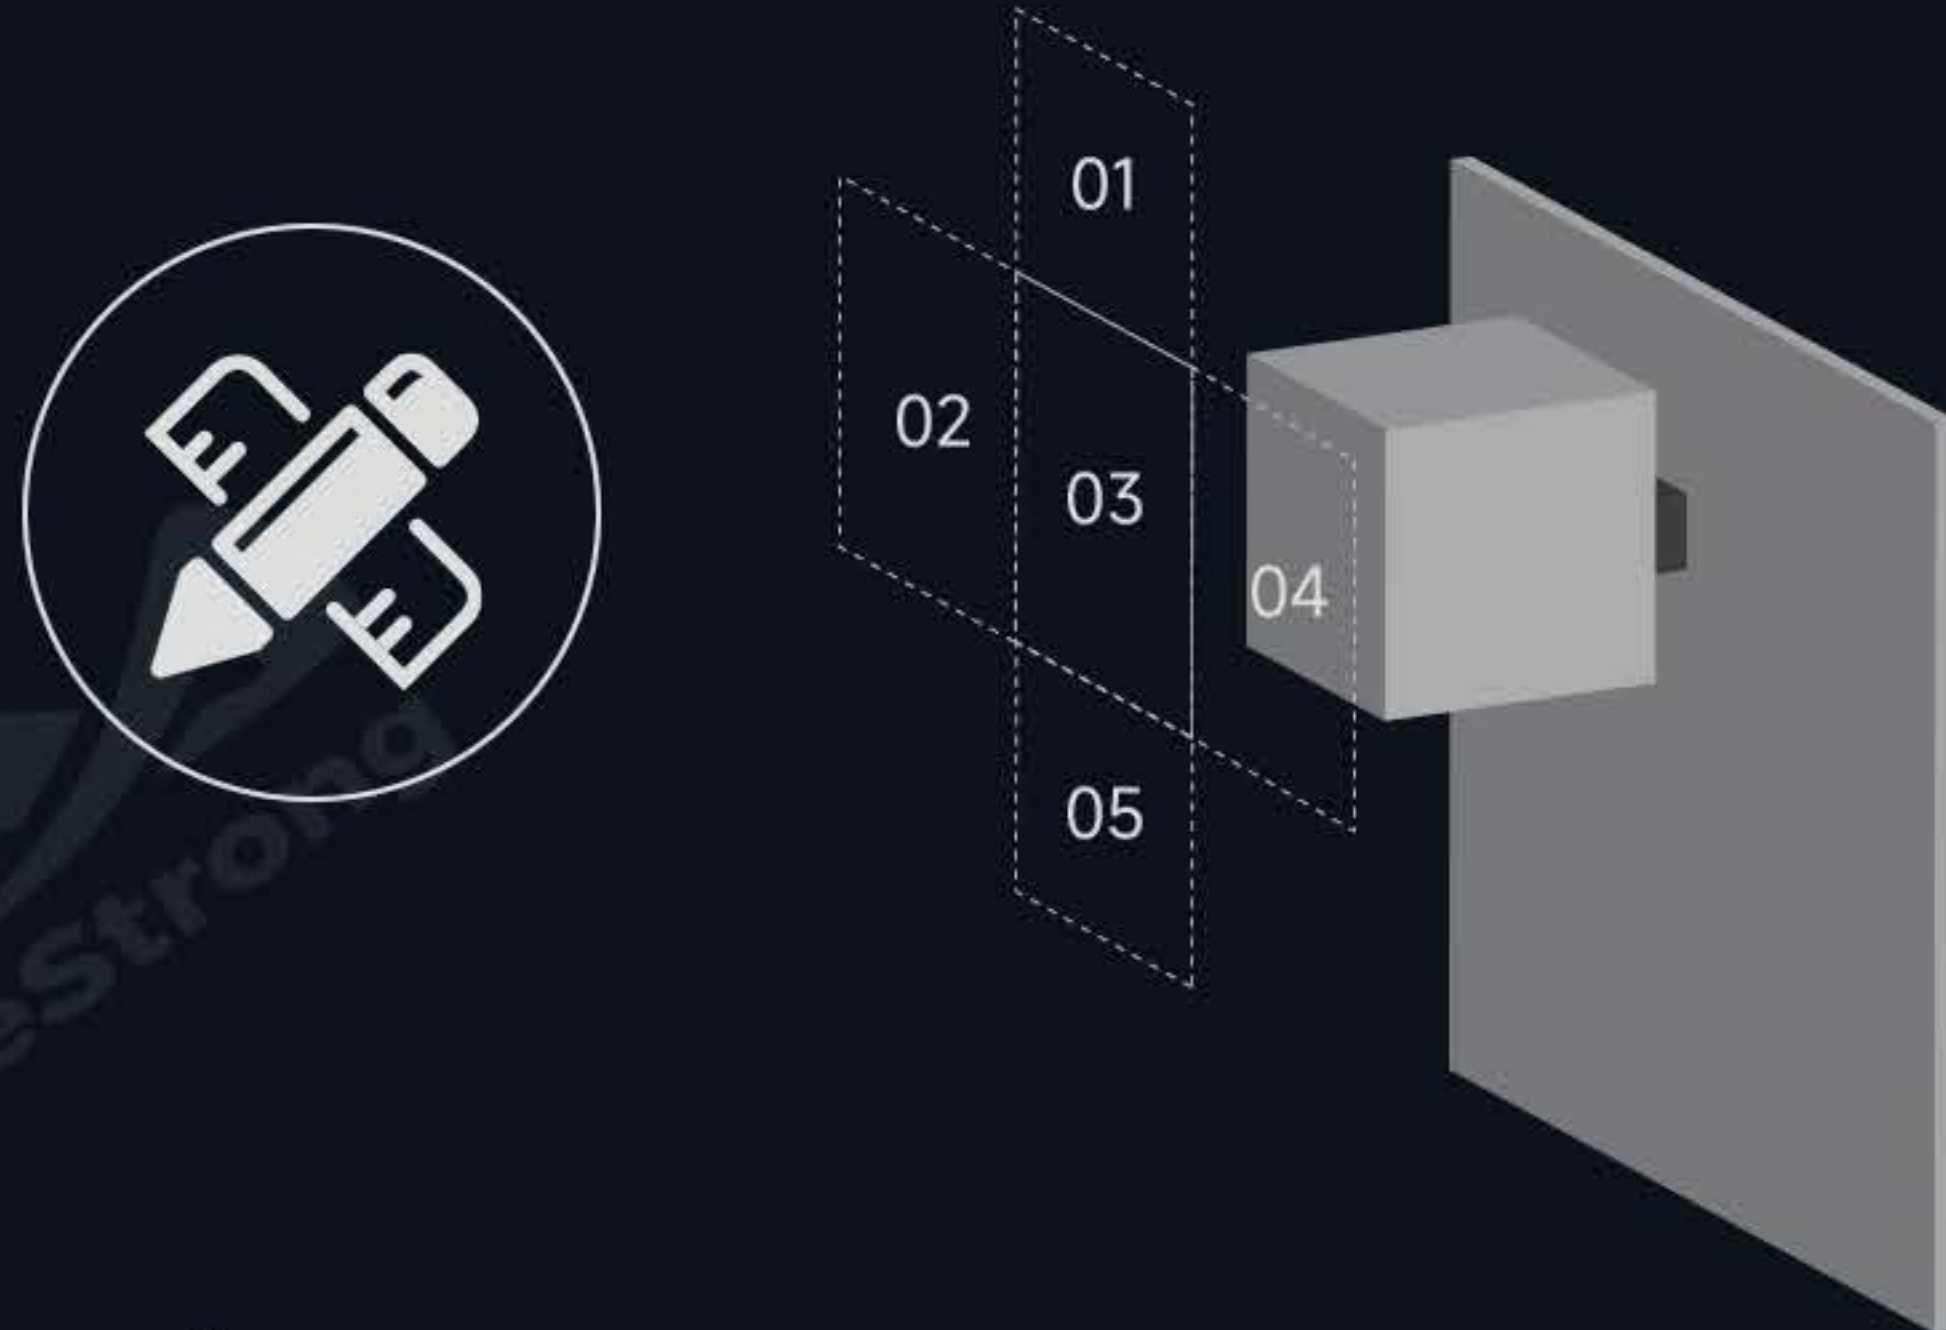

Plug and Play

Designed for simplicity, the cube LED screen is easy to set up and operate. Just plug it in, and it's ready to go — no complicated configuration required.

Customizable Design

The cube LED display can be tailored to your project needs, supporting four-sided, five-sided, or six-sided displays. Options include hanging, side-mounted, tilted with rotation, and various sizes to perfectly fit the application.

Application Scenarios

Ideal for shopping malls, retail stores, exhibition halls, event spaces, and more, the Rubik's Cube LED screen enhances environments with eye-catching visuals and creative display possibilities.

Parameters

Items	Operating Environment	Resolution (W×H)	Screen Size (mm)
